CAMSO

ROAD FREE COMPANY

In today's economy, good business means making your money go a long way. Camso's goal is to create products that offer Lowest Operating Cost Solutions or LOCS. This is why we are committed to:

- Work closely with equipment owners and operators to ensure we understand the right product for each application
- Design and manufacture the most durable and reliable products available
- Offer our high performance line-up to optimize your productivity and machine performance
- Maximize product availability to increase uptime
- Give the best technical support and service in the industry
- Supply an industry leading non prorated warranty across all of the Camso track range

Find out more at camso.co or contact your authorized local distributor.

# COMPLETE TRACK LINE

**MINI-EXCAVATORS**

**CAMSO MEX HXD**

**CAMSO MEX SD**

**CAMSO RUBBER PADS**

**COMPACT TRACK LOADERS**

**CAMSO CTL HXD**

**CAMSO CTL SD**

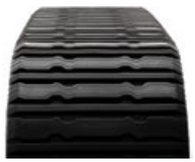
**CAMSO CTL SPROCKET**

**OTT TRACKS FOR SKID STEER LOADERS**

**CAMSO RUBBER OTT**

**CAMSO STEEL OTT**

**MULTI-TERRAIN LOADERS**



**CAMSO MTL HXD**

**CARRIERS**

**CAMSO CARRIER HXD**

**PAVERS**

**CAMSO HXD PAVERS**

MINI-EXCAVATOR TRACKS

# EXCEPTIONAL SERVICE LIFE WITH SUPERIOR RESISTANCE TO DAMAGE AND CATASTROPHIC FAILURES

MINI-EXCAVATORS

OVERALL LOCS GAUGE BY SURFACE
TO OBTAIN THE **LOWEST OPERATING COST SOLUTION** ON THE MARKET

BEST FOR: Heavy Duty Applications requiring exceptional durability — **MEX HXD** | SURFACE TYPE | **MEX SD** — BEST FOR: Applications requiring traction in soft surfaces such as clay or mud

## HARD SURFACE

| | | |
|---|---|---|
| 100 | CONCRETE | 75 |
| 100 | ASPHALT | 75 |
| 100 | ROCKY | 70 |

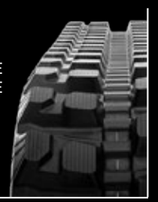
## MIXED SURFACE

| | | |
|---|---|---|
| 100 | GRAVEL | 75 |
| 100 | DIRT | 80 |
| 100 | SAND | 85 |

## SOFT SURFACE

| | | |
|---|---|---|
| 90 | MUD | 100 |
| 90 | CLAY | 100 |

**CAMSO MEX HXD** — UP TO 50% MORE SERVICE LIFE — 3500 HOURS / 42 MONTHS



**BEST WARRANTY OFFER**

**CAMSO MEX SD** — UP TO 20% MORE SERVICE LIFE — 2500 HOURS / 30 MONTHS

## ENGINEERED TREAD PATTERNS

### Patented 3S internal metal core

- Prevents detracking
- Minimizes vibrations
- Improves ride quality

### Enhanced high-tensile, rubber-sealed steel cables

- Cable corrosion protection
- Strengthens carcass

### Curbshield technology with reinforced carcass edge

- Fortifies carcass protection
- Impedes catastrophic edge cuts
- Reduces internal components wear exposure

### Premium rubber compound and extra thick carcass

- Impact and damage resistance
- Extends service life

### Self cleaning tread design

- Promotes lug-void cleanout for maximum traction
- More traction in reverse driving

### Optimized sprocket holes

- Reduces peak load on track and undercarriage parts; allows for sand and debris to pass through with ease

*Check with your dealer for best choice for your application

EXCAVATOR PADS

# PROVIDE OPTIMAL LIFE AND RESISTANCE AGAINST DAMAGES AND CATASTROPHIC FAILURES

EXCAVATORS

## OVERALL PERFORMANCE GAUGE BY SURFACE

### HARD SURFACE

| | | |
|---|---|---|
| CONCRETE | RUBBER PADS | 100 |
| | RUBBER TRACKS | 80 |
| | STEEL TRACKS | 20 |
| ASPHALT | RUBBER PADS | 95 |
| | RUBBER TRACKS | 75 |
| | STEEL TRACKS | 15 |
| ROCKY | RUBBER PADS | 80 |
| | RUBBER TRACKS | 60 |
| | STEEL TRACKS | 90 |

### MIXED SURFACE

| | | |
|---|---|---|
| GRAVEL | RUBBER PADS | 85 |
| | RUBBER TRACKS | 80 |
| | STEEL TRACKS | 90 |
| DIRT | RUBBER PADS | 80 |
| | RUBBER TRACKS | 90 |

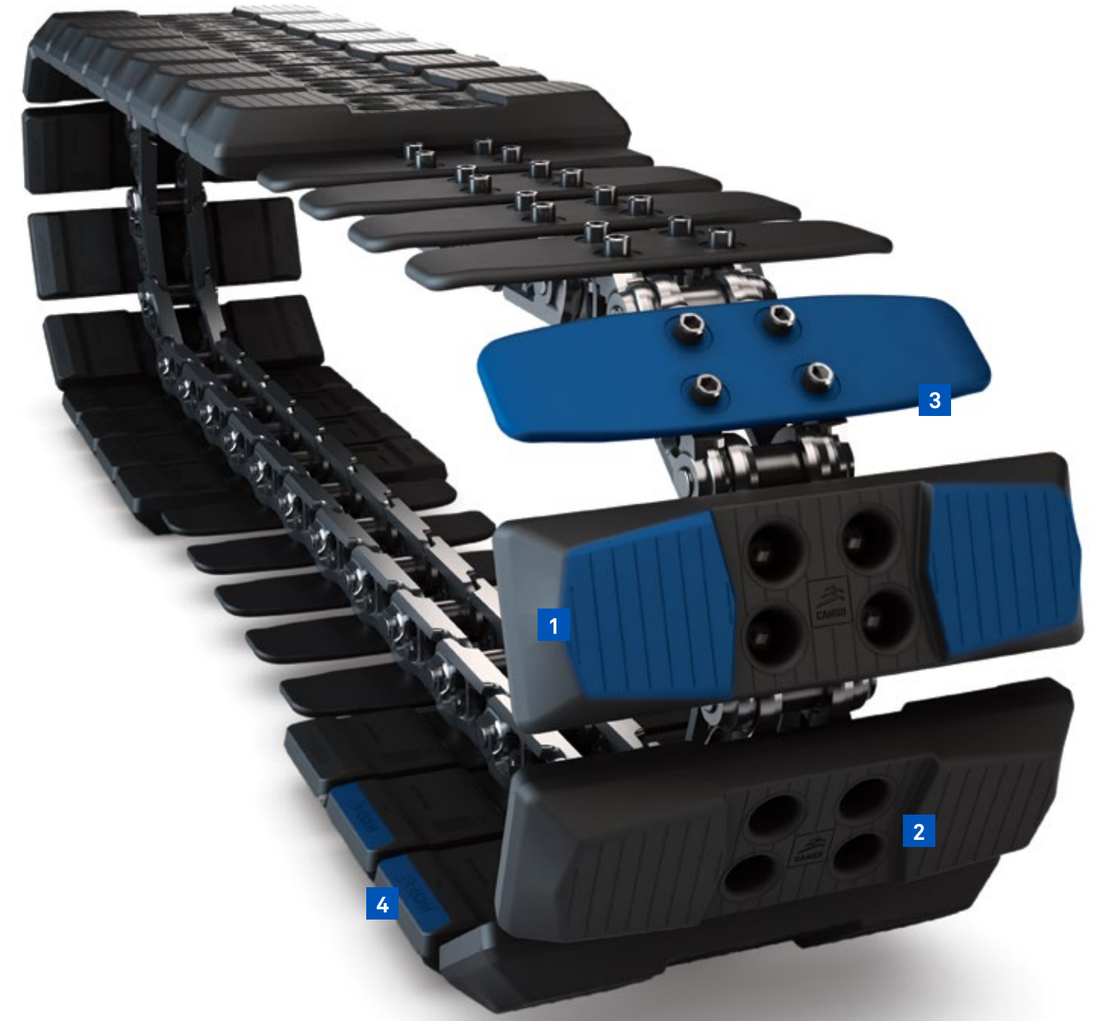
| | STEEL TRACKS | 50 |
| CLAY | RUBBER PADS | 80 |
| | RUBBER TRACKS | 90 |
| | STEEL TRACKS | 50 |
| TURF | RUBBER PADS | 90 |
| | RUBBER TRACKS | 95 |
| | STEEL TRACKS | 40 |

## BEST WARRANTY OFFER

CAMSO HXD | UP TO 20% MORE SERVICE LIFE | 3000 HOURS / 36 MONTHS



**1 Bi-Directional HXD tread pattern**

- Ultimate off-road traction and durability

**2 Premium HXD rubber compound**

- Provides ultimate durability and resistance to catastrophic failures

**3 Forged metal core with CutProtect bonding technology**

- Maximizes track pad life with cut resistant geometry that's been engineered for ultimate durability

**4 Anti-Edge cut**

- Provides maximal protection against side cuts and tears

*Check with your dealer for best choice for your application

COMPACT TRACK LOADER TRACKS

# ULTIMATE VERSATILITY, REMARKABLE TRACTION, AND EXCELLENT DURABILITY IN A VARIETY OF APPLICATIONS

COMPACT TRACK LOADERS

OVERALL LOCS GAUGE BY SURFACE
TO OBTAIN THE **LOWEST OPERATING COST SOLUTION** ON THE MARKET

BEST FOR: Heavy-duty applications requiring exceptional durability*

**CTL HXD** | SURFACE TYPE | **CTL SD**

BEST FOR: Applications requiring grip and traction*

## HARD SURFACE

| | | |
|---|---|---|
| 100 | CONCRETE | 75 |
| 100 | ASPHALT | 75 |
| 100 | ROCKY | 70 |
| 75 | ICE | 100 |

## MIXED SURFACE

| | | |
|---|---|---|
| 100 | GRAVEL | 75 |
| 100 | DIRT | 90 |
| 90 | SAND | 100 |

## SOFT SURFACE

| | | |
|---|---|---|
| 80 | MUD | 100 |
| 80 | CLAY | 100 |
| 70 | SNOW | 100 |
| 80 | TURF | 80 |

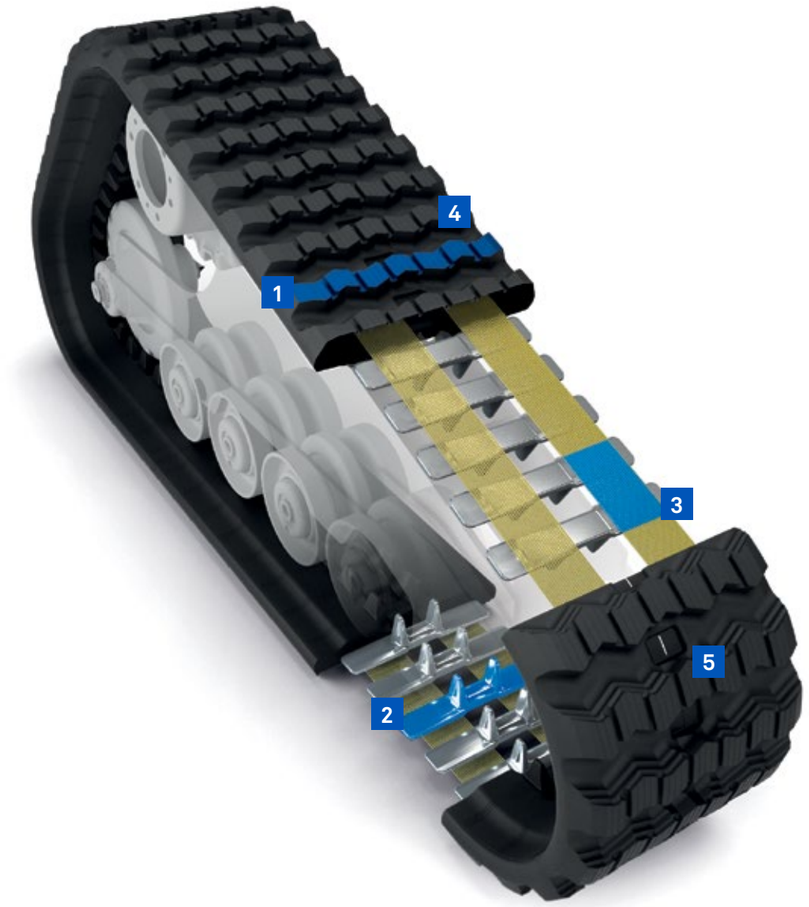
**CAMSO CTL HXD** — UP TO 50% MORE SERVICE LIFE

2000 HOURS / 24 MONTHS

## BEST WARRANTY OFFER

**CAMSO CTL SD** — UP TO 20% MORE SERVICE LIFE

1500 HOURS / 18 MONTHS



## ENGINEERED TREAD PATTERNS

### Single-cure technnology

- Resists catastrophic failure
- Increases durability
- Improves aesthetic appearance

### Forged metal cores with Trackguard technology

- Improves rolling path life
- Reduces internal component failures

### Endless high-tensile, rubber-sealed steel cables

- Eliminates joint failures
- Improves cable breakage resistance
- Maximizes and strengthens carcass durability

### Optimized tread profiles

- Provides excellent traction in any track application
- Provides low rolling resistance hence low energy consumption

### Self cleaning tread design

- Promotes lug-void cleanout for maximum traction
- Improves productivity and helps lower running costs

*Check with your dealer for the best track choice for your application

COMPACT TRACK LOADER SPROCKETS

# OEM QUALITY AND PERFORMANCE AT AFTERMARKET PRICES

COMPACT TRACK LOADERS

1 **Enhanced hardening with deeper penetration**

Provides longer sprocket wear

2 **Premium quality design and engineering**

Meets the toughest OEM specifications

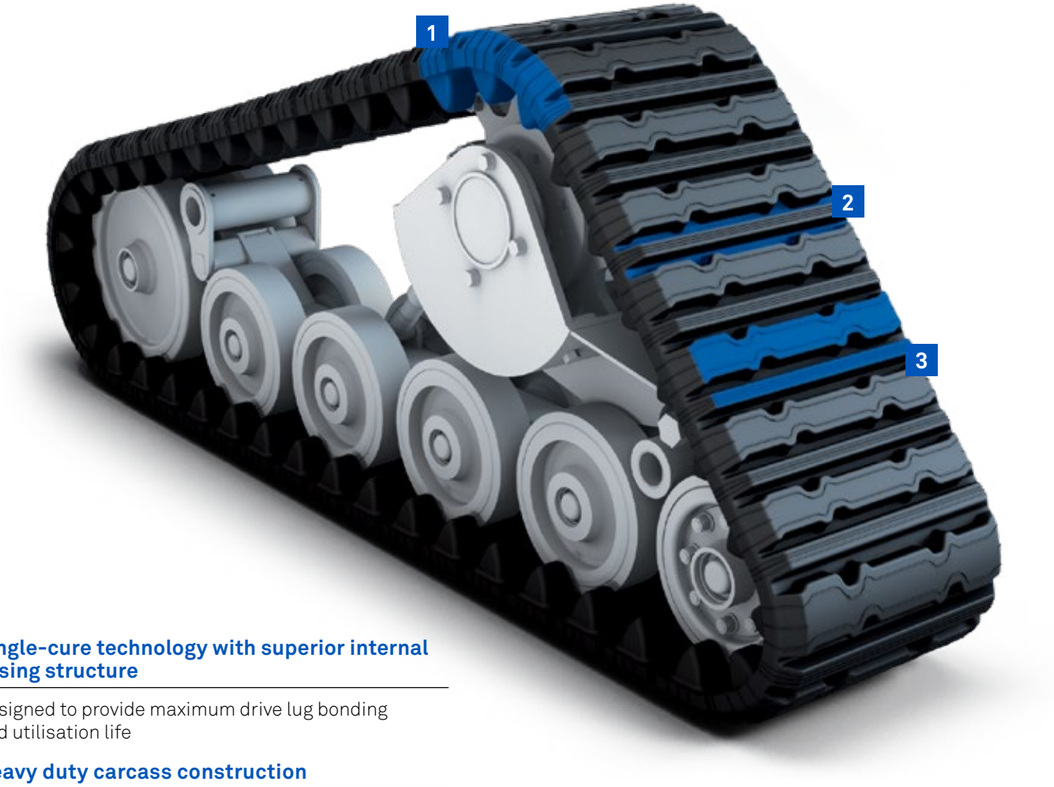
3 **Optimized geometry and design**

Ensures best fitment with tracks for longer track life

MULTI-TERRAIN LOADER TRACKS

# ENHANCED DURABILITY AND PROTECTION

MULTI TERRAIN LOADERS



1 **Single-cure technology with superior internal casing structure**

Designed to provide maximum drive lug bonding and utilisation life

2 **Heavy duty carcass construction**

Increases lateral stability to eliminate detracking for more uptime

3 **Versatile tread pattern matched with advanced rubber compound**

Maintains good traction throughout tread life

BEST WARRANTY OFFER

CAMSO **CTL SPROCKET**

1500 HOURS / 18 MONTHS

BEST WARRANTY OFFER

CAMSO **MTL HXD**

50% MORE SERVICE LIFE

1200 HOURS / 14 MONTHS

OVER-THE-TIRE TRACKS

# EASY MOUNT ATTACHMENTS FOR SKID STEERS THAT PROVIDE TRACTION AND FLOTATION ONLY CAPABLE WITH TRACKS

OVER-THE-TIRE TRACKS

OVERALL LOCS GAUGE BY SURFACE
TO OBTAIN THE **LOWEST OPERATING COST SOLUTION** ON THE MARKET

BEST FOR: Applications requiring extraordinary flotation and minimizing surface disturbance

**RUBBER** | SURFACE TYPE | **STEEL**

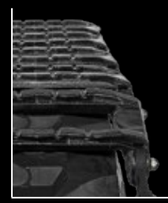
BEST FOR: Applications requiring extreme durability and additional penetrating traction

| | RUBBER | SURFACE TYPE | STEEL |
|---|---|---|---|
| HARD SURFACE | 50 | CONCRETE | 0 |
| | 50 | ASPHALT | 0 |
| | 75 | ROCKY | 100 |
| | 60 | ICE | 100 |
| MIXED SURFACE | 75 | GRAVEL | 100 |
| | 100 | DIRT | 90 |
| | 100 | SAND | 80 |
| SOFT SURFACE | 90 | MUD | 100 |
| | 80 | CLAY | 100 |
| | 80 | SLOPED TERRAIN | 100 |
| | 100 | TURF | 60 |
| | 100 | SNOW | 80 |

CAMSO **RUBBER OTT**

12 MONTHS

**BEST WARRANTY OFFER**



CAMSO **STEEL OTT**

24 MONTHS

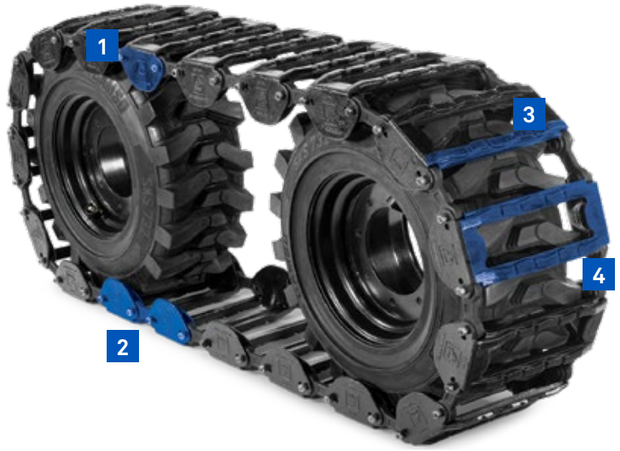
### Easy-mounting design

Mount in a matter of minutes on most skid steer makes and models.

# CAMSO **RUBBER OTT**

1. **Full rubber track reinforced with steel core and cables**
   Allows smoother operation on asphalt, concrete and turf surfaces without damage or marking
2. **Wide continuous rubber track footprint**
   Increases flotation by 5 times compared to tires alone, and at least twice as much as standard steel tracks
3. **Embedded forged metal core with engineered wing design**
   Ensures strength and rigidity to avoid detracking
4. **Internal traction rib**
   Provides high traction between tire and track and prevents tire wear

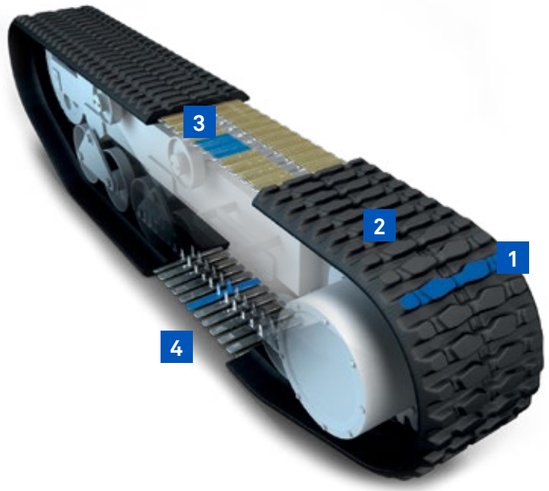
# CAMSO **STEEL OTT**



1. **Case-hardened all-steel track construction**
   Maximizes durability and performance in severe applications
2. **Customizable sizing with variable pitch design**
   Facilitates easy product selection and installation
3. **Engineered high-traction tread bar**
   Provides enhanced all-around traction especially on open side slopes and unprecedented traction on ice
4. **Wide-void design**
   Enhances debris and rock cleanout providing optimum traction on soft surfaces

*Check with your dealer for the best track choice for your application

# HIGH PERFORMANCE IN THE MOST SEVERE APPLICATIONS



CARRIERS

**1 Straight bar tread pattern**

Modernised tread design
for higher performance and productivity

**2 Next generation rubber compound**

Promotes even tread wearing for long,
predictable tread life

**3 Endless steel cable technology**

Protects from joint failures
to maximize uptime

**4 Trackguard iron core**

Improves rolling path life for reduced failures
and enhanced durability

## BEST WARRANTY OFFER

**CAMSO CARRIER** | 1000 HOURS / 12 MONTHS

# ENHANCED DURABILITY CROSS MULTIPLE SURFACE TYPES

PAVERS

**1 Single-cure technology with next generation rubber compound**

Promotes even tread wearing for long,
predictable tread life

**2 Optimized multi layer internal construction**

Improves weight distribution
with better lateral stiffness

**3 Chevron type tread pattern**

Provides high traction in softer surfaces

## BEST WARRANTY OFFER

**CAMSO PAVER** | 1500 HOURS / 18 MONTHS

# THE CAMSO DIFFERENCE

**At Camso we achieved an edge on our competition by differentiating ourselves in three specific ways:**

## 1 CAMSO is a leading manufacturer of OEM brands

Camso is a proud supplier of the world's best known construction brands. We have achieved our OEM positions through close collaboration, co-development, and validation with leading equipment manufacturers. Working with the OEM's has pushed our products to new levels of toughness and represents a symbol of quality and performance end-users can trust.

Many Camso products are also offered through various OEM aftermarket programs.

## 2 CAMSO offers the best warranty on the market

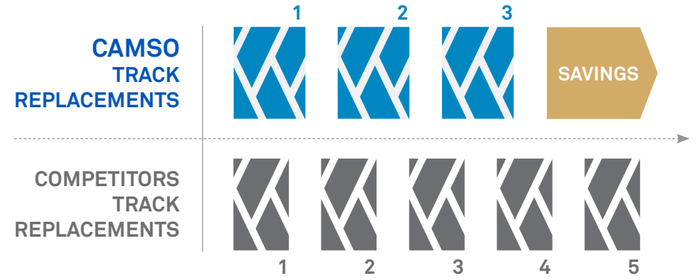
Actions speak louder than words. This is why we improved our terms and back all of our tracks with an industry leading non-prorated warranty on material and workmanship.

| TRACK SERIES | MACHINE TYPE | MONTHS OF SERVICE | | HOURS LIMIT | |
|---|---|---|---|---|---|
| | | OLD | NEW | OLD | NEW |
| CAMSO SD series | CTL | 13 | 18 | 1100 | 1500 |
| | MEX | 24 | 30 | 2000 | 2500 |
| CAMSO HXD series | CTL | 18 | 24 | 1500 | 2000 |
| | MEX | 36 | 42 | 3000 | 3500 |
| | MTL | 14 | 14 | 1200 | 1200 |
| | OTT | 12 | 12 | No limit | No limit |
| | Steel OTT | N/A | 24 | N/A | No limit |

## 3 CAMSO Construction tracks offer lowest operating cost solution

**A DURABILITY**

CAMSO reduces the total cost of tracks over the machine lifetime with high quality rubber compounds.



+

**B RELIABILITY**

CAMSO technology solves problems like detracking and cable breakage to increase uptime over the machine lifetime.

+

**C EXCEPTIONAL PERFORMANCE**

CAMSO keeps you productive on the job-site with the right products for your application and surface type.

=

**THE CAMSO DIFFERENCE**

**CAMSO tracks reduce the overall cost of ownership for the lifetime of a machine.**
